01 Summary

As a creative and professional web developer, I live and work in the United States. Having a passion for beauty, I strive to create products that are elegant, beautiful, and full of detail.

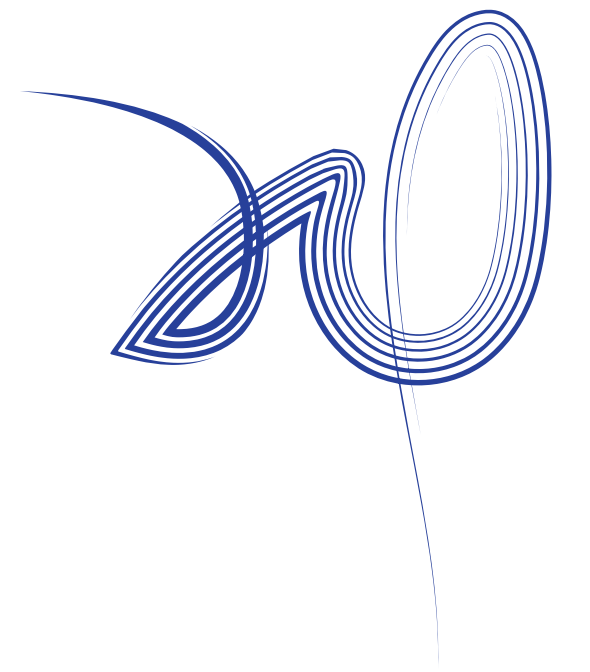

I acquired strong knowledge about FrontEnd/BackEnd in GIT, HTML/CSS/SASS, NODEJS, and also in PHP, MYSQL, and high level about Design in using WordPress, Photoshop, Illustrator, UX/UI and have working experience on CentOS/Windows...

I am an author of many software and also a lecturer at University in Vietnam before.
